The Details

What is required to book?

A signed Contract for Wedding Photography Services and a $500 deposit are required to confirm your booking.

Do you have a second shooter?

Yes. I never photograph a wedding alone unless coverage is 4 hours or less. We work together to capture different perspectives.

Can I book less than 5 hours of coverage?

Yes! I have a 3-hour minimum. Shorter weddings are booked hourly at $500 per hour.

When will my engagement, bridal, or boudoir photos be delivered?

Galleries are delivered 2–3 weeks after the session.

When will my wedding photos be delivered?

Your wedding gallery will be delivered 60–75 days after your wedding.

How many images do we receive from a portrait session?

Engagement, bridal, or boudoir sessions typically yield 80–100 images.
You receive 25 digital downloads; more are available for purchase.

A Few More Things

Do we receive RAW, unedited images?

RAW files are not available for viewing or purchase. Every viable image is selected, edited, and delivered; I do not cull to a fixed number.

How many wedding images will we receive?

It depends on guest count, coverage hours, and the day itself.
A typical 7-hour wedding with a second photographer yields 600–700 images.

How do we order prints?

Your password-protected online gallery offers downloads and print ordering. You may print elsewhere with your print release, but I cannot guarantee quality outside my preferred lab.

Where are you based, and will you travel?

I am based in Covington, Louisiana, and am happy to travel.

How much are travel fees?

Travel is billed at $0.50 per round-trip mile. There is no travel fee for locations within St. Tammany Parish.

Prices are locked in at booking and are otherwise subject to change.
